

# PALLET DOLLY with inverted casters

Multi Loading, End Towing type, Caster Steering

**Model: ME1596N**

**Model: ME1596N has Inverted Casters on the bed. The casters are heavy-duty casters and make ULDs to transfer or to rotate on the bed easily. ULDs are loaded/ unloaded from/ to both side and end direction.**

**Maintenance costs for the casters are more reasonable than those of Omni-wheels.**
